Re: Testimonial

Dear Mr. Barrington ,

This testimonial is being written on behalf of my company , Lachappelle and Whittington Real Estate Development Group .

As you are aware , we have purchased a number of your Disaster Kits. As a house warming gift to our buyers, we are placing one kit in each of our properties. We also plan to have several of them at our new office location. On a personal note - I have placed a kit in my home as we'll and I definitively sleep much better at night knowing that my family is prepared in the event of an emergency .

As a business owner and a consumer I encourage all to be proactive in their own homes and businesses so that their families and employees are fully and properly prepared for the next impending disaster.

Sincerely,

Deborah Stephenson
